Dear Chairwoman DeLauro and Ranking Member Granger:

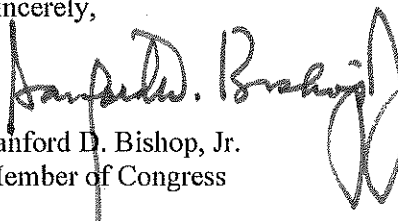

I am requesting Community Project Funding for Columbus State University in Fiscal Year 2023.

The entity to receive funding for this project is located at 4225 University Avenue, Columbus, GA 31907. The funding would be used for engineering, design work, and start-up construction costs for the Columbus State University and Muscogee County School District STEAM Collaboration Center in Columbus, Georgia. The STEAM Collaboration Center will provide opportunities to Columbus State University and Muscogee County School District students to learn more about robotics, engineering, coding, and 3D design/fabrication technologies by creating a space specifically tailored to the needs of educating the community in the field of STEAM.

I certify that neither I nor my immediate family has any financial interest in this project.

With warmest personal regards, I remain

Sincerely,

Sanford D. Bishop, Jr.
Member of Congress
