

Verence Castillo is the Founder and CEO of Military Spouse Advocacy Network (MSAN). MSAN is the fastest growing network of advocates and mentors providing peer-to-peer support 24/7 to all military spouses. Mrs. Castillo is a servant leader who has made contributions to the well-being of her community and has advocated for the resources and support system that military families need and deserve. She has also been a contributor on various panels, keynote speaker, briefed and

advised Senior Military Leaders on the vital importance of supporting military families, developed trainings that were adopted and used as models for official resources and programs for military families, and strengthened her local community.
