

Todd Ernst is an Air Force Academy graduate with 22+ years of service, flying the T-38, B-1, and U-2 on missions in support of Operations Iraqi and Enduring Freedom. His passion for military families called him to lead the fight for Guard and Reserve families to establish equal survivor benefits for everyone who dies in the line of duty, which was signed into law in 2016. Todd is also the founder of PCSgrades, a website similar in concept to Yelp, but exclusively for military and veteran families and focused on the biggest must-solve relocation and real estate needs.
